INFORMATION

Dear colleagues!

In order to ensure the implementation of the Order No. 490 of the Ministry of Higher Education, Science and Innovations of the Republic of Uzbekistan dated 27.12.2024, an international scientific and practical conference on the topic "**EFFECTIVE USE OF CHEMICAL TECHNOLOGY AND MINERAL RESOURCES: FROM SCIENCE TO PRACTICE**" will be held at Fergana State Technical University on May 16-17, 2025. Scientists, professors, teachers, scientific staff, researchers, independent researchers, students, graduate students, as well as young leading specialists from foreign and domestic universities and research institutes are invited to participate.

Within the framework of the International Scientific and Practical Conference, plenary and sub-sessional sessions are planned in the following areas:

- Branch 1:** Innovative technologies in the field of chemistry and chemical technology .
- Branch 2:** Inorganic substances, chemical technology of organic substances and petrochemistry .
- Branch 3:** Environmental protection and ecological problems in chemical technology .
- Branch 4:** Development of energy and resource-saving technologies in the chemical industry .
- Branch 5:** Developments in the intensification and modernization of processes and devices in chemical technology and petrochemicals .

The official languages of the conference are: Uzbek, Russian and English.

Materials prepared in accordance with the requirements and 3-5 full pages in length will be published in a collection. To submit an article, it should be sent no later than May 5, 2025 to the e-mail address fdu-konferensiya-2025@yandex.com or via Telegram to the following numbers:
